From D Stevens : A History of Song (Revised Edition) before purchasing it in order to gauge whether or not it would be worth my time, and all praised A History of Song (Revised Edition):

0 of 1 people found the following review helpful. Good ServiceBy NocturneThe service was excellent! It came timely enough for when I needed the book for class. Thank you!2 of 2 people found the following review helpful. GoodBy Ariella Vaccarino creator of Voice Lessons To GoWe used this book when I studied voice in College. It was a great

overview of the development of art songs. If you are really interested in classical song this is a great reference. Check Out: Vocalize!

This volume is the best yet in English on the subject of the secular art song. . . . It is full of both objective information and personal reactions, and will be read eagerly by all those who love song. Catherine K. Miller, Library Journal This is the story of almost a thousand years of song, from the time of the troubadours to the present day. Dealing exhaustively with the history and development of secular art-song in the Western world, the book is an indispensable guide to the amateur music-lover, the student, and the singer.
