DeLorme : Alabama Atlas Gazetteer before purchasing it in order to gage whether or not it would be worth my time, and all praised Alabama Atlas Gazetteer:

7 of 7 people found the following review helpful. Old MapBy Carl MullerI thought I would get a new map, the one I have is a 1998 edition, a lot of roads have changed since then. I was heart broken when I got my new map and it was just like the old one. I know roads that were rerouted 10 years ago and no changes have been made. If you want a up to date map go to Google maps , don't buy this one. I wasted my money. Carl Muller0 of 0 people found the following review helpful. They are high quality and super detailed.
