

Car Insurance Secrets

Ron Alford

**Download PDF / ePub / DOC / audiobook / ebooks*

by Ron Alford www.carinsurancesecrets.com

The book is an end-to-end lesson from the car lot to the repair shop

It teaches owners how to buy insurance from the best companies

How to get Agents to bid on your insurance using an RFP (Request For Proposal)

What to do before you get involved in a wreck

How to make sure that your damaged car gets to where you want, not the insurer's choice

How to manage a collision repair company

How to choose lawyers and manage them when you are injured

How to manage the repair process

How to avoid losing thousands of dollars if your car is totaled or stolen

And much more 

Car Insurance Secrets

The Stuff You Need to Keep You in the Driver's Seat

Ron Alford : Car Insurance Secrets before purchasing it in order to gage whether or not it would be worth my time, and all praised Car Insurance Secrets:

0 of 0 people found the following review helpful. How about an online update for those of us who actually prefer a book!By KilowattI'd like to give it more stars, and there is some great info in here, but with a 14 year old copyright I feel there should be some online updates for those of us who prefer an actual book..0 of 0 people found the following review helpful. I would recommend it to all driversBy susan lyonsVery informative. Written in clear and concise manner. I would recommend it to all drivers.4 of 6 people found the following review helpful. Use Some Common

SenseBy Customer Unlike other reviewers before me (which I based my decision to buy this book) I found nothing, albeit a page or two, that makes this a worthwhile read. The book keeps talking about secret this, secret that, but it all adds up to just being a smart shopper. Whether you are buying a toaster or shopping for insurance, shop, compare, and decide. The book isn't worth borrowing. Mine's for sale. Or better yet I'll spare someone else and file it....guess where.

The Stuff You Need to Keep You in the Drivers Seat.
