Jon Mitchell : Careers after the Armed Forces: How to Decide on the Right Career and Make a Successful Transition

before purchasing it in order to gauge whether or not it would be worth my time, and all praised *Careers after the Armed Forces: How to Decide on the Right Career and Make a Successful Transition*:

1 of 1 people found the following review helpful. Fantastic book for forces leavers! By Si London This book has just come out and I've just finished reading it. As an Army leaver I was desperately trying to work out what to do when I leave and this book has really helped me. It includes some really useful exercises that have helped me work out what I want to do, plus it includes some really useful resources such as a list of forces friendly companies and recruiters in the States. Overall I was really impressed with it, and it's had a huge impact on me....as you can probably tell from this review! I hope you enjoy it as much as I did. 0 of 0 people found the following review helpful. A MUST read for anyone leaving or thinking about leaving the armed forces By E. J. Dixon Well written, helpful, insightful, a must for anyone looking for career advice when leaving the forces.

Every year 250,000 men and women leave the US military for other work. This book offers career answers to servicemen and -women doing just that. Author Jon Mitchell, a job recruiter who specializes in job placement for military veterans, offers exercises, tools, case studies, and tips designed to ease the transition from active duty to the civilian workforce. The book includes advice on resume preparation, interview techniques, working with job recruiters, and evaluating job offers.

"[T]his compact volume is definitely a useful addition to your resettlement arsenal." - Civvy Street
