There are also plenty of case examples for you to read. But the only thing I am not very satisfied is the book quality. Almost every image looks vague on the book. I can still read the images but it really does affect your mood reading it.1 of 1 people found the following review helpful. Five StarsBy CustomerVery detailed and structured. The Wall Street Journal calls Case in Point the MBA Bible! Cosentino demystifies the consulting case interview. He takes you inside a typical interview by exploring the various types of case questions and he shares with you the

acclaimed Ivy Case System which will give you the confidence to answer even the most sophisticated cases. The book includes over 40 strategy cases, ten case starts exercises and 21 ways to cut costs, plus much, much more! For Kindle edition, best viewed on a tablet, using a basic Kindle distorts the book and you lose graphs.
