Tom Rochtus : Case Interview Success, 2nd Edition before purchasing it in order to gage whether or not it would be worth my time, and all praised Case Interview Success, 2nd Edition:

1 of 1 people found the following review helpful. Great overall business interviewing toolBy HillWalkerI tore through this one. After reading the other reviews for this book, I thought it would help me in getting through interviews. The cases provided really get the thoughts flowing for how one can navigate their own interview. I know the book is targeted at consultants but it's really a great walk through of just about any management interview. More employers want to test their prospective employees before giving them a piece of the pie. This book will give you the thought

process to punch through and get the job.0 of 0 people found the following review helpful. Disappointing. The analytical tools described are sophomoric. If ...By B. JohnsonDisappointing. The analytical tools described are sophomoric. If this is how the Big Firms find winners, it explains a lot about why they have turnover.2 of 3 people found the following review helpful. A Must have !By FabioIn preparation for my interviews I initially only bought Case In Point. I eventually decided to buy some more books on case interviews given the competitiveness in landing a management consulting position,This book turned out to be my favorite; it is well-written, and provides insights (tips tricks) that I did not find back in any other book on case interviews. Furthermore, the author (who is a Bain consultant) argues you can crack most business cases along four easy-to-use dynamic business case frameworks. Reflecting on it, I ended up successfully using his frameworks for quite some case interviews.

Case Interview Success is a must-read for anyone applying for a consulting position. The book takes you inside a typical consulting case interview by exploring in detail the entire case interview process, and will leverage you to crack the most complex business cases. The main features of this book are: A detailed discussion of the entire case interview processKey business case frameworks with practice cases and solutionsKey strategies to crack presentation cases, guesstimates and brainteasersAn overview of key business concepts and consulting terms Tom Rochtus works as a strategy consultant at Bain Company, one of the world's most prestigious management consulting firms.

From the AuthorFor more information on cracking case interviews, please visit aceyourcase.comAbout the AuthorTom Rochtus is a well-known expert on the topic of case interviews.
