He is obsessed with cats, but can't get one until his family moves, so I bought him this. He was able to read and understand it all on his own and comes to his mom with new cat facts every day.0 of 1 people found the following review helpful. One StarBy yue yangMy friends hated it

The Mini Encyclopedias are an exciting new range of first reference books for young children that are packed with interesting facts and beautiful photography. Using dramatic photography, simple text and annotated diagrams, these books will fascinate and engage children as they learn about their favorite topics. With fun facts and a glossary of terms, children will enjoy exploring and discovering more about amazing animals, the human body, nature, weather and life on our planet!
